Financial Fundamentals For Collision Success

This course provides new owners, new managers, and potential candidates for management with the basic accounting and financial fundamentals to better understand what drives overall business performance. Maintaining strong performance isn't always easy. Improving performance can be very challenging. Attempting either without a solid understanding of the metrics that drive success can be limiting. This foundational course explores the critical metrics for collision center operations. Participants will gain an improved ability to apply course teachings directly to their business.

Financial Management Courses

More than ever, collision center operators need to understand the key metrics that drive their business. This course series is designed to help today's managers gain a competitive advantage in their respective marketplace by teaching them to strategically think about their business strategy and understand Key Performance Indicators while developing an effective business plan.
